

## BIGGEST MEME COIN PROJECT ON SOLANA BLOCKCHAIN

POWERED BY

#### RISK DISCLOSURE STATEMENT

SolHeist offers yields through decentralized finance (DeFi) protocols, which inherently involve risks. These risks include potential loss of funds, volatility in asset prices, smart contract vulnerabilities, impermanent loss, market manipulation, regulatory uncertainty, and lack of insurance or recourse in case of adverse events. SolHeist is not responsible for any losses incurred. This information is provided for educational purposes only. Users are encouraged to conduct their own research and understand the risks before making any investment decisions.

### INTRODUCTION

SOLANA CURRENT PRICE: \$185

MARKET CAP: \$83 BILLION
